FIGHT THATCHER'S POOR LAW!

Thatcher and the Tories are quite happy to see us, young people, driven into the dirt whilst they spoil their rich friends with generous tax hand-outs. **That is the message of Tory Britain.**

Last week, Burton's boss, Sir Ralph Halpern received an extra £5,134 from the budget. This week he'll get another £5,134, and for every week until next year's budget when the Tories will give him even more.

To pay for his tax windfall, one hundred desperately poor families will be forced to lose £50.00 every week as Thatcher slashes social security payments.

In Castlemilk, Glasgow, alone, 6,500 people will have their incomes slashed to pay for Thatcher's rich business friends.

Three million pensioners trying to live out their lives in dignity, will be driven to the wall by cuts in their benefits.

Yet, our generation are the hardest hit of all by the ruthless Social Security Act:

18 - 24 year olds will lose almost a fiver every week.

16 and 17 year olds will get no benefit at all.

Thatcher offers the 'choice' -- Slave Labour YTS or STARVE!!

Thatcher wants to make us pay for her mistakes.

We, the youth of Britain, must make a stand and make it NOW!

It is Thatcher and the Tories who must be made to pay for destroying our lives.

We shall take our revenge -- against Thatcher, her government and above all this decaying system which forces young people into homelessness, prostitution, drug addiction, hopelessness, despair and suicide.

Collective revenge -- by standing together, using our strength and getting organised. The Labour Party Young Socialists is where we must organise to fight back and break this government.

Stand with us! Fight with us! And we will stand and fight with you.

JOIN THE LABOUR PARTY YOUNG SOCIALISTS.

We are fighting for:

*** Stop the Social Security Cuts**

*** A guaranteed job for every school leaver**

*** For a national minimum wage of £135 a week**

*** Proper training with trade union rates of pay: £55 a week at 16, £65 at 17**

*** Tories out**

*** A socialist Labour government**
